.....

Note:

If an applicant attempts to obtain an interactive gaming licence by a materially false or misleading representation or in some other improper way, this will impact when assessing the suitability of the applicant. Further, section 4 of the *Interactive Gaming Act No:16 of 2000* provides that if an interactive gaming licence is obtained by a materially false or misleading representation, or in some other improper way, this is a ground for suspending or cancelling the licence.

If an electronic version of this form is being completed, information supplied may be inserted and the form expanded. All of the information required is to be submitted and the sequence of the responses is not to be altered. The completed application form, fee and attachments should be forwarded to:
